

# OH NORA

**BY AINA CLOTET**

After beating breast cancer, Nora returns to action with such a desire to eat the world that she takes on professional challenges that are beyond her and blows up her future family project with Tom, her lifelong partner, to surrender to the desire she feels for Max, much younger and freer than her. When Max goes abroad, Nora starts a mad race to avoid what she fears most: being alone and facing the fear of death, the true fear hidden behind this insatiable appetite for life.
