

## THE DAUGHTERS

LES FILLES

BY DANIEL ROMERO

The life of Ana, a young university student, is turned upside down after the sudden death of her sister. One night, the girl is kidnapped by a stranger who takes her to a secluded house, far from the city. The next morning, she wakes up in bed in a cosy room. There she meets three other girls who greet the newcomer kindly and behave as if they were the man's daughters. To Ana's surprise, they too have been detained. Ana discovers that, for decades, the man has been kidnapping a girl every four years and, after freeing the oldest one, he adopts the new captive as one of his daughters. Whether she wants to or not, she will have to become one of them.
