SUPERTHINGS, RIVALS OF KABOOM. KAZOOM POWER

SUPERTHINGS

BY DAVID CUEVAS, JONATHAN CUEVAS

Kai, Finn and Mia are three friends in the sixth grade, who find themselves caught up in the adventure of their lives when, after getting into big trouble in science class, they decide to travel with Enigma – a walking, talking top hat – to Kaboom City, a fantastic world where everyday objects, such as oranges, pencil sharpeners and flippers have come to life and turned into crazy superheroes and supervillains, who are fanatical about battling each other at every chance they get. The Kazoom Kids are the only ones who can help Enigma stop the evil plan of the powerful villains Mr King and Professor K, who are trying to take over the whole of Kaboom City.
