

## JE SUIS FLEUR

**BY OLIVIA BAES**

On a dark night at the Spain-France border, the lives of several characters, marked by trauma and secrets, intersect. A 50-year-old Spanish worker enters a nearly empty bar, where Inés, a former prostitute, tries to gain his attention, but he remains detached. Meanwhile, two sisters, Fleur and Ophélie, struggle with a strained relationship rooted in jealousy and past trauma involving a mysterious man. When the worker attempts to approach Fleur near an oleander bush, tensions escalate, leading Ophélie to commit murder to protect her sister. As their shared traumas resurface, the intertwined stories culminate in a tragic confrontation with their haunting pasts.
