

TAD THE LOST EXPLORER 4

TADEU JONES 4

BY ENRIQUE GATO

Tad has just made a major discovery: being a dad is the most complicated job in the world. His fearless two-year-old daughter, Olimpia has turned him into a really overprotective father. And Mummy's jealousy of the little girl is not exactly helping! Mummy cannot abide Olimpia now being the one who gets all the attention. So when the team finds Aladdin's Lamp, Mummy sneakily makes a wish: to go back to her own time and home, to Paititi, Peru, in 1502. Tad and Sara will have to join forces to follow Mummy back into the past. They cross the Atlantic Ocean from Peru, heading to Greece and beyond, to keep Mummy from changing the course of history and to ensure that their daughter gets born.
