

SKIN DESPAIR

LA DESESPERACIÓ DE LA PELL

BY MIREIA VILAPUIG

The domestic recordings of a 13-year-old girl lead the author to re-live that summer; the first time she became aware of the external gaze, causing an irreversible change in how she perceived herself. Through the voiceover, the author narrates her testimony, thus creating a space for dialogue between the two narratives and reflection on the importance of collective memory.
