LA JOIA: BAD GYAL

BY DAVID CAMARERO

Around the mystery of success and the consecration of a diva, we delve into the meteoric rise of Bad Gyal following the release of her first album, La Joia, which will be postponed for over a year due to reasons beyond her control. This will shake her career and force her to exercise resilience. A journey full of light and shadow of a rough diamond that ultimately represents a new generational movement with a strong cultural impact beyond music.
