# MIRROR

**BY GERARD VIDAL BARRENA**

Despite having broken up and living in different countries, Max, a filmmaker at a prestigious American university, and Ellie, a pianist in training, are unable to move on. After Ellie sends him a classical piece, Max decides to contact her via a video call. Both will explore their insecurities and feelings through this call. We will understand their relationship digitally, revealing the contradictions and the bond that no longer exists, with the screen acting as a mirror to Max's thoughts and emotions.
