

## RIPE!

**BY OLIVIA MITCHELL, KERRY FURRH**

A feature film inspired by the short film of the same name, winner of Best Short at the 2024 Tribeca Film Festival. Screenplay of the feature film selected for The Black List.

When Sophie, an American teenager lost on the Costa Brava one summer, meets Gloria, a brave and determined local girl with a broken arm, it's clear there's something going on between them. Gloria offers her an unconventional deal: "cook me dinner and I'll forgive you." As the two reconnect over Sophie's dishes, it's revealed that Sophie broke Gloria's arm playing football, and though the aftermath was intense, so is their palpable chemistry.
